## Ohio Livestock Care Standards Board

The board is composed of 13 members who provide guidance to the TRAC on identifying research and information needs. The board makes the final decisions on livestock care standards.

## Technical Research Advisory Committee

The TRAC is composed of academic experts in the fields of veterinary medicine and animal science. The TRAC researches prevailing standards of livestock care for each species. Working with the subcommittees, the TRAC relays recommendations and information to the board for final deliberation.

## Species Subcommittees

The subcommittees are composed of experts in their respective fields. The subcommittees provide their species' specific research to the TRAC.
